

Sponsorship Opportunities: Education Pavilion and Gardens

Additional sponsorship opportunities will become available in the future. Please check back for updates.

Education Pavilion

\$1,500,000

Educational programming for children and adults will be centered in the garden's signature Education Pavilion. Its flexible space will be used for school groups, workshops, conferences, and community events of all kinds. This 4,700 square foot building features glorious views of the surrounding garden, and it has been designed with sustainability in mind.

Education Plaza

\$500,000

The plaza just outside the Education Pavilion's entrance provides a natural gathering space for visitors to the garden. The paved, open area will feature flexible, rotating displays. Its central location provides easy access to the individual gardens, fountains and buildings. The plaza has been designed for easy accessibility, welcoming all guests regardless of age, size, ability or limitations.

Main Event Room

\$500,000

This 3,200 square foot space is the heart of the Education Pavilion. Its flexible space is designed to accommodate speaker presentations, flower shows, and a range of other events. Surrounded by a wall of windows that seem to invite the surrounding woodlands indoors, this space will inspire school groups or 250 guests for an event any time of the year.

Conference Room

\$250,000

This smaller room of 700 square feet is surrounded by glass, featuring views of the pollinator garden beyond. It will be used for smaller meetings by staff and volunteers, local businesses or garden groups.

Pavilion Terrace **\$250,000**

Just outside the Main Event Room of the Education Pavilion is an outdoor, covered patio that features views of the Woodland Garden and Beargrass Creek. The covered space will allow visitors to experience the outdoor views from the building in all types of weather, while providing easy access to interior spaces.

Pathway to Beargrass Creek **\$150,000**

Originating from the Education Plaza, the pathway will guide visitors to views of Beargrass Creek. The path is designed to slowly wander through the Woodland Garden, bringing students and other visitors down the hill to study the nature surrounding the creek. This pathway will be a shaded walk through mature trees.

Vestibule **\$100,000**

The entrance to the Education Pavilion will be a welcoming space to bring guests into the flexible, creative learning environment of the building.

Ramp to Pavilion **\$50,000**

The ramp leading from the Education Plaza to the building's entrance is an important part of the learning environment. It will provide easy access to all visitors as they travel between the interior learning space and the outdoor classrooms and gardens.

Education 100 **\$10,000**

The Education 100 is a group of 100 donors who have committed \$10,000 each to support the building of the Education Pavilion. These 100 donors will be permanently recognized in the building through a donor installation.

Benches around Plaza **\$5,000**

Throughout the Education Plaza, there will be standard benches available for visitors to sit and take in the beautiful surroundings. Available in both shade and sun, the benches will be a permanent part of the plaza landscape.

Currently available: 6 of 6 benches

Benches along Pathway to Creek **\$5,000**

Along the wooded walk to the creek through the Woodland Garden, the benches offer an opportunity for visitors to take a rest from their walk, or to simply enjoy the mature canopy and sounds of birds singing in the trees.

Currently available: 0 of 2 benches

Trees **\$1,500**

In the Education and Woodland Gardens surrounding the Education Pavilion, a collection of trees will provide shade for visitors. The various species of trees will be selected for their beauty and educational opportunities.

Currently available: 15 of 15 trees
