

Create a water cycle in a baggie

(JCPS Second Grade Choice Board)

WATERFRONT
BOTANICAL
GARDENS

Directions: Make a model of the water cycle in a baggie. Next, tape the baggie to a sunny spot in your window. Over the next three days record your observations on the worksheet below. Then share your work on Google Classroom.

<p>Date: _____</p> <p>Today I noticed:</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>Draw what your baggie looks like today:</p>
